## Summer Internship                                                    June 2023 - July 2023

**Trainee** | *Board Infinity*

- Summer training on micro-learning in JavaScript.
- Acquired expertise in JavaScript , spanning from fundamentals to advanced concepts such as async, promises, and callbacks, showcasing a comprehensive skill set.
- Developed 3 mini projects—Id Card Generator, Random Quote Generator, and Clock—illustrating creative problem-solving and the ability to translate theoretical knowledge into practical, real-world applications.

## Projects

**Social Media App** | *Mern /Full Stack*                               Jan 2024 - Feb 2024

- Developed a full-stack application using React.js, Node.js, Express, and MongoDB.
- Implemented user authentication with JWT and password encryption using bcrypt, while enabling CRUD operations for posts, likes, and friends management.
- Utilized React hooks for state management and multer for seamless file upload handling.
- Deployment Link - Vercel

**E commerce Website** | *React website*                                Nov 2023 - Dec 2023

- Developed a comprehensive front-end E-commerce website using React.js, featuring sections like home, contact, login, signup, discount, and flash deals.
- Implemented a fully functional cart that dynamically updates when users add items from any section.
- Enhanced performance and user interaction with React hooks for state and lifecycle management, while ensuring seamless navigation and efficient product management.
- Deployment Link - GitHub-Pages

**Quiz Application** | *Java application / GUI*                          Jan 2023 - Feb 2023

- Developed an interactive Java quiz application utilizing Swing for the graphical interface.
- Implemented features such as user login, rule display, multiple-choice quiz questions, lifelines, and a countdown timer for each question.
- Calculated user scores based on their responses and provided personalized scorecards upon completion.

## Certifications

**Full Stack Web Development**                                                    Jan 2024

*Udemy*— Certificate Link

**React Basics**                                                                  Feb 2024

*Coursera* — Certificate Link

**Advanced React**                                                                Feb 2024

*Coursera* — Certificate Link

## Technical Skills

**Languages:** JavaScript, Java ,C++ ,  SQL/MySQL ,HTML/CSS

**Technologies/Frameworks**:  React JS, Node JS,Express JS, MongoDB,BootStrap, Git, GitHub , VS Code

**Skills**: Data Structures and Algorithms, Problem-Solving, Responsive Web Design,

## Education

**Lovely  Professional  University  Punjab**                            2021 – Present

*Computer Science and Engineering — CGPA: 8.6*                          *Jalandhar, Punjab*
